

## About Me

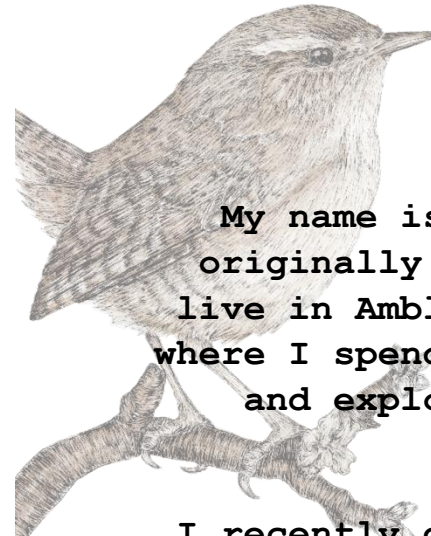

My name is Dais Scott-Bennett I am originally from Southampton, but now live in Ambleside in the Lake District where I spend my time illustrating birds and exploring our natural world.

•

I recently graduated from my Degree in animal conservation and am currently working on my Master's in museum studies, with a focus on natural science collections. My passion for biodiversity and our wildlife meant I developed my love for art as a tool for understanding the natural world.

•

I mainly work in pen and ink, which I find very practical for working outside, but I do love to experiment with all mediums and often introduce a bit of colour to my art with my homemade watercolours. I have put together a selection of my native bird flock, most of which contain some embellished gold applied by me.
